# WELCOME TO ISAR 2026!

**Dr. Ameet Patki**  
President

Dear Colleagues and Friends

Wishing you all A Very Happy New Year 2026.

It's been 2 years since I took over the mantle of President of ISAR.

During this period ISAR has grown not only in numbers but also visibility and stature.

Now I welcome you all on behalf of over 6500 ISARians to the 30th Annual ISAR conference 20-22 February 2026 at the majestic Convention Centre The Forum Ahmedabad.

The theme of the conference From Lab to Life: Making ART easier through Innovative Science embodies what ISAR stands for: Empowering its members and making Parenthood possible for every couple.

The organizing committee headed by an extremely competent Dr R G Patel ably assisted by Dr Mehul Damani and the team have ensured that they have a strong scientific program along with a good traditional cultural activity and a vast spread of local cuisine. So, join me and my team as we hand over to the next team in a 3-day extravaganza, and participate in the success and glory of ISAR. Return back refreshed energized and empowered to better handle the challenges and fine nuances that we encounter in our work. Network, meet old friends make new ones, showcase your work and talent...
